

## Fairview Specialty Pharmacy Services Overview

When you are looking for specialty pharmacy services, why not choose a pharmacy close to home? From quick ship timelines to fast client communication, Fairview will provide your patients the medications and services they want, when they need them.

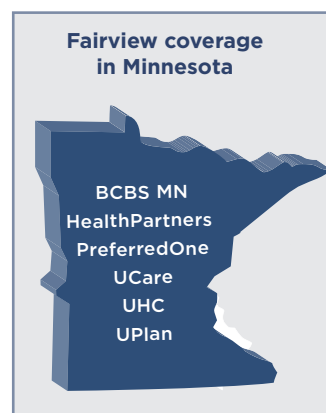

### FAIRVIEW SPECIALTY PHARMACY DIFFERENTIATORS

- Single point of contact and tailored communication to meet your team’s needs
- Benefits verification
- Prior authorization support - time is best spent on patients, not paperwork. Industry reports up to an hour/PA at an average of \$50/hour.
- Quicker therapy start times with Fairview Specialty Pharmacy EMR access
- Financial assistance management
- Appeals support
- Triage prescriptions to another location if we can’t fill them
- Limited Distribution Drug list available by email request
